Your Ford New Vehicle Limited Warranty

Ford Motor Company of Canada, Limited (Ford of Canada) warrants that its authorized dealers will repair, replace or adjust those parts on Ford cars and light trucks, that are found to be defective in materials or workmanship made or supplied by Ford for the coverage periods described in the *Warranty Information* section of this Warranty Guide.

Who is Authorized to Do Warranty Repairs?

You must take your vehicle to an authorized Ford or Ford Lincoln dealer for warranty repairs. While any Ford or Ford Lincoln dealership handling your vehicle line will provide warranty service, we recommend you return to your selling dealer.

Please note that certain warranty repairs require special training and/or equipment, so not all dealers are authorized to perform all warranty repairs. This means that, depending on the warranty repair needed, you may have to take your vehicle to another dealer. In certain instances, Ford may authorize that your vehicle be repaired at a repair centre other than a Ford or Ford Lincoln dealer facility.

A reasonable time must be allowed to perform a repair after taking your vehicle to the dealership. Repairs will be made using Ford or Motorcraft® Parts, or remanufactured or other parts that are authorized by Ford.

Who Pays for Warranty Repairs?

Ford of Canada covers the cost of warranty repairs performed under the New Vehicle Limited Warranty Coverage during the “time and distance travelled” limits of the New Vehicle Limited Warranty.

Federal or provincial governments may require an environmental or disposal tax (levy) on all or a portion of a warranty repair, in which case this tax (levy) must be paid by you, the owner of the vehicle.

When Does the Warranty Begin?

The warranty begins on the original retail delivery date, or on the date of first use (whichever occurs first). This is the “original warranty start date”.

WARRANTY INFORMATION

WHAT IS COVERED?

Basic Coverage

Under your New Vehicle Limited Warranty, Basic Coverage begins at the original warranty start date and lasts for 36 months or 60,000 kilometres (whichever occurs first). The complete vehicle is covered under this Basic Coverage, except components listed under the following warranties in this Warranty Guide, and those items listed under “What is Not Covered Under this New Vehicle Limited Warranty?” on page 12.

Hybrid Unique and Electric Vehicle Unique Component Coverage

Hybrid Unique Component Coverage

Under your New Vehicle Limited Warranty, the following components are covered against defects in factory-supplied material or workmanship for 8 years or 160,000 kilometres (whichever occurs first) from the original warranty start date:

- High-voltage battery, hybrid continuously variable transmission, inverter system controller (ISC), DC/DC converter, high-voltage battery connector, battery pack fan assembly, thermistor probe, hybrid battery pack sensor module (HBPSM), battery energy control module (BECM) and the plug-in hybrid electric vehicle (PHEV) on-board charger.

Electric Vehicle Unique Component Coverage

Under your New Vehicle Limited Warranty, the following components are covered against defects in factory-supplied material or workmanship for 8 years or 160,000 kilometres (whichever occurs first) from the original warranty start date:

- High-voltage battery packs, high voltage charger, DC/DC convertor, electric drive module assembly (includes electric motor and gear box), trans range and charge cord.

The Lithium-ion battery (electric vehicle battery) will experience gradual capacity loss with time and use (similar to all lithium-ion batteries), which is considered normal wear and tear. Loss of battery capacity due to or resulting from gradual capacity loss is NOT covered under the New Vehicle Limited Warranty. See your *Owner's Manual* for important tips on how to maximize the life and capacity of the lithium-ion battery.

Note: The Focus Electric vehicle (or any fully-electric vehicle) is not eligible for any emissions warranties described in this booklet.

Ford Roadside Assistance 1-800-665-2006

Your vehicle is eligible, within Canada or the continental United States, for the Ford Roadside Assistance Program. This Program is separate from the New Vehicle Limited Warranty, but the coverage is concurrent with the 5 years or 100,000 kilometres (whichever occurs first) Powertrain Coverage period.

Towing required because of a warrantable failure beyond the 5 years or 100,000 kilometres (whichever occurs first) Powertrain Coverage is covered under any remaining applicable New Vehicle Limited Warranty coverage.

Please refer to the Ford Roadside Assistance section of this Warranty Guide for complete details (page 21).

Corrosion Coverage

Under your New Vehicle Limited Warranty, Corrosion Coverage begins at the original warranty start date and covers body sheet metal panels against corrosion due to a defect in factory-supplied materials and workmanship. The length of the coverage depends on the type of corrosion damage:

- If corrosion causes perforations (holes) in the body sheet metal panels, the coverage extends for 5 years/unlimited distance.
- If corrosion does not cause perforations (holes), and is not the result of vehicle usage and/or airborne materials, the Corrosion Coverage is 36 months or 60,000 kilometers (whichever occurs first).

If your vehicle is damaged due to airborne materials (environmental fallout) where there is no defect in factory-supplied materials or workmanship and therefore no applicable Ford of Canada warranty, Ford of Canada will still cover paint damage due to airborne materials (environmental fallout) for 12 months or 20,000 kilometers (whichever occurs first). See "Damage Caused by Use or the Environment" page 13.

Aluminum Body Panel Corrosion Coverage

Your vehicle's body sheet metal panels are covered for an extended Corrosion Coverage Period, which lasts for five years, regardless of distance driven. The extended warranty coverage only applies if a body sheet metal panel becomes perforated due to corrosion during normal use due to a manufacturing defect in factory-supplied materials or factory workmanship. If aluminum body panels have corrosion or rust damage, and the damage is not the result of abnormal usage, vehicle accident, customer actions and/or extreme environmental conditions, the corrosion or rust damage repairs are covered for 5 years, regardless of distance driven. For damage caused by airborne material (environmental fallout) where there is no factory-related defect involved and therefore no warranty – our policy is to provide no extra charge repair of paint damage due to the airborne material for 12 months or 20,000 kilometers, whichever occurs first.

Powertrain Coverage

Under the New Vehicle Limited Warranty, the Powertrain Warranty Coverage covers certain components against defects in factory-supplied materials or workmanship for 5 years or 100,000 kilometres (whichever occurs first) from the original warranty start date. (F-Super Duty equipped with a 6.7L diesel engine has a Unique Powertrain Coverage that extends beyond the 5 years or 100,000 kilometres (whichever occurs first) Powertrain Coverage, see details below). The covered components listed under the Powertrain Warranty are:

Safety Restraint System Coverage begins on the original warranty start date and lasts for 5 years or 100,000 kilometres (whichever occurs first).

Emissions Control Systems Coverage

The Emissions Control System is covered by two warranties: the Emissions Defects Warranty and the Emissions Performance Warranty.

Emissions Defects Warranty Coverage

Under the Emissions Defects Warranty, Ford provides coverage from the original warranty start date for emissions related defects for 36 months or 60,000 kilometres (whichever occurs first) for passenger cars and light duty trucks (applies to vehicles up to 3,856 kilograms (8,500 lb) GVWR); or 5 years or 80,000 kilometres (whichever occurs first) for heavy duty vehicles over 3,856 kilograms (8,500 lb) GVWR up to 8,845 kilograms (19,500 lb) GVWR. During this coverage period, Ford warrants that:

- Your vehicle or engine is designed, built and equipped to meet the applicable emissions standards prescribed by law at the time it was sold.
- Your vehicle or engine is free from defects in factory-supplied materials and/or workmanship that could prevent it from conforming to those applicable emissions standards.
- You will not be charged for diagnosis, repair, replacement or adjustment of defective emissions-related parts listed under "Parts Covered by the Emissions Defect and Performance Warranties" on page 10.

Note: The Focus Electric vehicle (or any fully-electric vehicle) is not eligible for any emissions warranties described in this booklet.

WARRANTY INFORMATION

Emissions Defect/Performance Warranty:

Additional Parts Covered

Ford also provides the following coverages for emissions related defects for the parts listed below including labour and diagnosis.

Passenger cars and light duty trucks (applies to vehicles up to 3,856 kilograms

(8,500 lb) GVWR): 8 years or 130,000 kilometres (whichever occurs first) from the original warranty start date: Catalytic Converter, Electronic Emission Control Unit (ECU), Transmission Control Module (TCM), and any other On-Board Emissions Diagnostic Module.

The New Vehicle Limited Warranty covers tire defects in factory-supplied materials or workmanship until the earlier of: (i) expiration of the Basic Coverage period of 36 months or 60,000 kilometres (whichever occurs first); or (ii) until the tire requires normal replacement, for 100% of labour costs and on a pro rata adjustment basis for parts (see the Reimbursement Schedule below). Defective tires will be replaced on a pro rata adjustment basis according to the following kilometre-based Reimbursement Schedule:

Vehicle Distance Travelled	Percent of Parts Covered by Ford
1-20,000 kilometres	100%
20,001-40,000 kilometres	60%
40,001-60,000 kilometres	30%

The tire manufacturer also provides you with a separate tire warranty that may extend beyond the Basic Coverage terms or period. You will find the manufacturer's tire warranty with the owner literature supplied with your new vehicle.

Tire replacements under the New Vehicle Limited Warranty will be made with the same brand and model as originally equipped with the vehicle unless the same brand and model is no longer available, in which case a tire of the same brand size, load, speed and tread type will be used. In some circumstances, Ford may authorize another brand and model to substitute for the original brand and/or model even if still available.

Normal tire wear or damage is not reimbursable. See page 16 for details of what is not covered.

Unique Warranty Coverage for Specified Components

Brake pads and linings*, manual transmission clutch disc*, windshields, wheel balance and alignment are covered against defects in factory-supplied materials or workmanship for 12 months or 20,000 kilometres (whichever occurs first) from the original warranty start date. *Refer to page 14 for additional coverage information.

In fact, failure to perform maintenance as specified in your *Owner's Manual* will invalidate warranty coverage on parts affected by improper maintenance.

Please consult your *Owner's Manual* for correct fluid specifications and levels, and read the *Scheduled Maintenance* chapter in your *Owner's Manual*, for instructions on proper maintenance of your vehicle.

Maintenance and Wear

The New Vehicle Limited Warranty does not cover parts and labour needed to maintain your vehicle and replacement of parts due to normal wear and tear (except for items listed under Some Maintenance and Wear Items Have Limited Coverage). ***Important Information on Ambulance and Fire/Rescue Conversions:**

Ambulance and Fire/Rescue Conversions

Ford vehicles are suitable for producing ambulances and fire/rescue vehicles only if equipped with the Ford Ambulance Prep Package or Fire/Rescue Prep Package. In addition, Ford urges ambulance manufacturers and fire/rescue vehicle manufacturers to follow the recommendations of the "Ford Incomplete Vehicle Manual" and the "Ford Truck Body Builder's Layout Book" (and pertinent supplements).

Using a Ford vehicle without the Ford Ambulance Prep Package or Fire/Rescue Prep Package to produce an ambulance or fire/rescue vehicle voids the Ford New Vehicle Limited Warranty and may void the Emissions Control Systems Coverage under this warranty. Vehicles used as ambulances or fire/rescue vehicles without the Ford Ambulance or Fire/Rescue Prep Package could experience elevated underbody temperature, fuel over pressurization and the risk of fuel expulsion and fires. Whether the vehicle is equipped with the Ford Ambulance Prep Package or Fire/Rescue Prep Package may be determined by inspecting the information plate on the driver's rear door pillar. Knowing whether the ambulance or fire/rescue manufacturer has followed Ford's recommendations can be determined by contacting your vehicle's ambulance or fire/rescue manufacturer.

What is Not Covered Under the Tire Warranty?

Normal wear and/or worn-out tires are not covered by the New Vehicle Limited Warranty.

Other examples of items not covered are:

- Road hazard damage including cuts, snags, bruises, bulges and impact breaks (due to potholes and curbs or other road hazards).
- Damage caused by a puncture or tire repair.
- Damage from improper inflation or alignment, tire chains, racing, spinning (e.g. when stuck in snow or mud), and improper mounting or dismounting.
- Tire vibration or ride harshness is not covered beyond 12 months or 20,000 kilometres (whichever occurs first) unless caused by a defect in factory supplied materials or workmanship
- Tires replaced other than pursuant to the New Vehicle Limited Warranty Tire Warranty are not eligible for the balance of the Tire Warranty, however they may carry their own warranty (see your dealer or the tire manufacturer for more information).

What is Not Covered Under the Emissions Warranties?

Ford will deny you warranty coverage if your vehicle or part has failed because you:

- Abused or neglected it
- Did not maintain it properly
- Added unapproved modifications
- Used improper fuel/fluids
- Experienced any item included in “What is Not Covered Under this New Vehicle Limited Warranty?”

New Vehicle Warranty Limitations

The foregoing coverage described in the New Vehicle Limited Warranty are the only express warranties on the part of Ford of Canada and the selling dealer. You may have other rights which may vary by province.

In the province of Québec, none of the following limitations and exclusions will exclude or restrict the warranty provided for in Section 37 or 38 of the Québec Consumer Protection Act.

The foregoing express warranties are in substitution for and exclude all other liabilities of any kind whether arising under statute, in tort, by implication of law or otherwise including, to the full extent as may be allowed by law, liability for any other representations respecting the vehicle, statutory warranties or implied warranties or conditions as to its merchantability or fitness.

Any implied warranty or condition as to merchantability or fitness is limited to the applicable warranty duration period as specified herein.

In no event shall Ford of Canada or the selling dealer be liable for the loss of or damage to the vehicle or its parts, loss of use of the vehicle, loss of time, inconvenience, commercial loss, or special consequential or other damages, or on any other claims relating to or arising from any defect in factory materials or workmanship found except as provided for herein.

The above provisions do not preclude the operation of any applicable provincial statute which in certain circumstances may not allow some of the limitations and exclusions described in these warranty coverages.

In the province of Saskatchewan the duration of the applicable statutory warranties of that province shall be concurrent with and not consecutive to the duration of the foregoing coverage of this Ford of Canada New Vehicle Limited Warranty.

WARRANTY INFORMATION

Inspect Your New Vehicle Carefully

Defects or damage to paint, sheet metal or other appearance items may occur during assembly or when the vehicle is in transit to the dealer. Normally, these defects are noted and corrected at the factory or by your dealer during new vehicle inspection. Paint, sheet metal or appearance defects present at the time your vehicle is delivered to you are covered by this warranty. For your protection, we suggest that if you do find any such defects, you notify your dealer within one week of the vehicle's delivery to you, as normal deterioration due to use and exposure is not covered by this warranty.

Defects vs. Damage

Please note the distinction between "defects" and "damage" as used in the warranty. Defects are covered because we, the manufacturer, are responsible. This includes defects in Ford-supplied parts used in making warranty repairs as well as in the original parts of the vehicle. On the other hand, we have no control over damage caused by such things as modifications, collision, misuse and lack of maintenance. Therefore, **damage is not covered under this warranty.**

Take Care of Your Vehicle and It Will Take Care of You!

Proper maintenance protects you from major repair expense resulting from neglect or inadequate maintenance, and it may even help increase the resale value of your vehicle.

Your dealership has factory-trained technicians who can perform the required maintenance using Ford-approved parts. The dealership looks forward to meeting your every service need to maximize your satisfaction with your vehicle.

It is your responsibility to make sure that all of the scheduled maintenance is performed and that the materials used meet Ford engineering specifications. Failure to perform scheduled maintenance as specified in the Scheduled Maintenance section in your *Owner's Manual* will invalidate warranty coverage on parts affected by improper maintenance. Make sure that receipts for completed maintenance work are retained with the vehicle and have the dealer complete the **Scheduled Maintenance Validation Record**.

Taking Your Vehicle on a Trip?

If you travel with this vehicle outside of Canada or the United States, you may have to pay a servicing Ford dealer in a foreign country for a repair that could be covered under this New Vehicle Limited Warranty. If this occurs, you should present the paid repair order/invoice to a Ford of Canada dealer for refund consideration.

If You Are a Subsequent Ford Owner...

The benefits of the Ford Roadside Assistance Program are transferred (within the Powertrain Coverage period of 5 years or 100,000 kilometres – whichever occurs first), at no charge to you.

Need Assistance? We're Here to Help You...

Your satisfaction is important to Ford of Canada and to your dealer. Normally, matters concerning your vehicle will be resolved by your dealer's sales or service department.

Ford recommends that you do the following:

Talk with your dealer's sales manager or service manager. If the matter is not resolved to your satisfaction, consider discussing the matter with the owner or general manager of the dealership. If you still feel your concern was not fully addressed or you did not understand the explanations given for your questions, contact Ford of Canada's Customer Relationship Centre at (toll free) 1-800-565-3673 (FORD) or through our web site at www.ford.ca.

The Customer Relationship Centre address is as follows:

Mediation/Arbitration Program (for Canada only)

If you feel that the efforts by Ford and the dealer to resolve a factory-related vehicle service concern have been unsatisfactory, Ford of Canada participates in an impartial third-party mediation/ arbitration program administered by the *Canadian Motor Vehicle Arbitration Plan (CAMVAP)*.

The CAMVAP program is a straightforward and relatively speedy alternative to resolve a disagreement when all other efforts to produce a settlement have failed. This procedure is without cost to you and is designed to eliminate the need for lengthy and expensive legal proceedings.

In the CAMVAP program, impartial third-party arbitrators conduct hearings at mutually convenient times and places in an informal environment. These impartial arbitrators review the positions of the parties, make decisions and, where appropriate, render awards to resolve disputes. CAMVAP decisions are fast, fair and final as the arbitrator's award is binding on both you and Ford of Canada.

The CAMVAP services are available in all Canadian territories and provinces. For more information, charge or obligation, call your CAMVAP provincial administrator directly at 1-800-207-0685 or visit www.camvap.ca.
