Voice commands allow you to operate both your Ford audio system and your mobile phone. You can control several functions using a defined dialogue with fixed voice commands. The exception is directed toward the driver seat. Speak the command clearly at an appropriate volume.

Voice control is this easy
To experience how easy it is to use voice control, try out the system using the following example:

1. Activate the voice control system by pressing the VOICE button (MODE button)*, wait till you hear the beep and then say the command. You can interrupt the stored command at any time by pressing the VOICE button (MODE button) again.
2. For example, it just takes a few simple steps to tune in the radio station of your choice:
   - Step 1: Press VOICE button (MODE button) “Beep”
   - Step 2: Say “Radio” “FM 123,4 MHz”
   - Step 3: Say “Radio” “Temperature 21 degrees”
3. The system will repeat the blocks it has understood up till then. Then you can continue your entry at that point.
4. When entering a phone number, use the command “Correction” to delete the last block of digits you entered.

Direct commands
To shorten the dialogue, you can use the following direct voice commands, among others, after pressing the VOICE button (MODE button):

- “Repeat off”

Voice commands need to be understood by the voice control system. Please use only the predefined commands (see Commands List).

The microphone is directed toward the driver’s seat. Speak the command clearly and at an appropriate volume.

Tip:
The command “Help”, “Cancel” and “Correction” can be used in every Voice controlled situation.

For example, if you know how to operate a certain function, you can use the predefined command “Help” at any time to hear the possible voice commands available.

The Ford audio system uses the personal phonebook stored on your mobile phone (if your phone supports this function).

You have several options for making a phone call using your Ford audio system, which are described in the following section.

You can accept incoming calls using the optional "Mode" button or the optional button on the steering wheel.

The system will repeat the digits as a block. Please do not use any filler words.

Say the phone number in blocks of digits or as an uninterrupted sequence of digits.

You can reduce the number of steps by saying: "Call Fred Bloggs at home" in step 2.

You can reduce the number of steps by saying: "0123456789 dial" in step 3.

This feature requires the fields for "First name" and "Last name" to be filled out properly in your mobile phonebook.
