The diagram illustrates the installation process for the Ford Maverick. It includes:

- Exterior View (Top Left):** A side view of the truck with dashed lines and arrows indicating the installation path for the harness along the rear and side of the vehicle. A callout 'N' points to the harness components.
- Exterior View (Bottom Left):** A side view of the truck with an arrow pointing to the rear wheel area, indicating the location of the harness.
- Component Detail (Top Center):** A close-up of two 'Fir Tree Clips' (labeled 'N') being inserted into a hole. A dimension line indicates a 150mm spacing between the clips.
- Interior View (Right):** A detailed view of the interior harness installation, showing the harness (labeled 'N') being secured to the vehicle's frame.
- Component Detail (Middle Left):** A close-up of a 'Cable Tie' (labeled 'C') with a hook end.
- Interior View (Bottom Left):** A view of the interior showing two circular holes in the floor panel, labeled 'A' and 'B', which are the locations for the Fir Tree Clips.
- Interior View (Bottom Right):** A view of the interior showing the harness (labeled 'N') being secured to the existing harness using two Cable Ties.
