YOUR SATISFACTION IS OUR PRIORITY

Dear New Vehicle Owner,

It is with great pleasure that we welcome you to the Ford family. We want you to enjoy all the benefits of owning your new Ford vehicle, and look forward to building a relationship with you over the years ahead.

At Ford Motor Company of Canada, Limited, we believe that to be the leading consumer automotive company, we must be absolutely committed to your total satisfaction. This belief guides the way we build our vehicles, and the way we service them for years to come. Our Ford dealers are dedicated to reaching the highest standards in customer service and technical expertise, and they use Ford-approved parts.

To help maintain the new vehicle characteristics of your Ford vehicle, we encourage you to read through this Customer Information Guide and follow its recommendations. This Guide contains:

- Your Ford New Vehicle Limited Warranty
- Your vehicle's schedule maintenance services
- Your vehicle's Roadside Assistance package

Ford of Canada and our dealerships look forward to being at your service. We wish you peace-of-mind throughout your ownership experience. Happy Motoring!

Sincerely,

Seana Chadwick
Director, Customer Service Operations

WARRANTY INFORMATION

FOR 2008 MODEL YEAR

Your Ford New Vehicle Limited Warranty

Ford Motor Company of Canada, Limited (Ford of Canada) warrants that its authorized dealers will repair, replace or adjust those parts on 2008 Ford and Mercury cars and light trucks, that are found to be defective in materials or workmanship made or supplied by Ford for the coverage periods described in the Warranty Section (pages 5-14) of this Customer Information Guide.

Who is Authorized to Do Warranty Repairs?

You must take your Ford vehicle to an authorized Ford or Ford Lincoln dealer for warranty repairs. While any Ford dealership handling your vehicle line will provide warranty service, we recommend you return to your selling dealer who wants to ensure your continued satisfaction.

Please note that certain warranty repairs require special training and/or equipment, so not all dealers are authorized to perform all warranty repairs. This means that, depending on the warranty repair needed, you may have to take your vehicle to another dealer. In certain instances, Ford may authorize that your vehicle be repaired at a repair centre other than a Ford dealer facility.

A reasonable time must be allowed to perform a repair after taking your vehicle to the dealership. Repairs will be made using Ford or Motorcraft Parts or remanufactured or other parts that are authorized by Ford.

Who Pays for Warranty Repairs?

Ford of Canada covers the cost of warranty repairs performed under the New Vehicle Limited Warranty Coverage during the "time and distance travelled" limits of the New Vehicle Limited Warranty.

Parts (excluding tires) replaced under the New Vehicle Limited Warranty receive the greater of: (i) a 3 month or 5,000 km (whichever occurs first) warranty or (ii) the balance of the New Vehicle Limited

Warranty, and such warranty shall be subject to the terms and conditions of the New Vehicle Limited Warranty.

NOTE: *Tires replaced under the New Vehicle Limited Warranty receive the balance of the Basic Coverage only. See "Tire Warranty" on page 9 for details.*

Federal or provincial governments may require an environmental or disposal tax (levy) on all or a portion of a warranty repair, in which case this tax (levy) must be paid by you, the owner of the vehicle.

When Does the Warranty Begin?

The warranty begins on the original retail delivery date, or on the date of first use (whichever occurs first). This is the "original warranty start date".

WHAT IS COVERED?

Basic Coverage

Under your New Vehicle Limited Warranty, Basic Coverage begins at the original warranty start date and lasts for 36 months or 60,000 km (whichever occurs first). The complete vehicle is covered under this Basic Coverage, except components listed under the following warranties in this Customer Information Guide, and those items listed under What is Not Covered Under this New Vehicle Limited Warranty? on pages 10-12.

Escape Hybrid Unique Component Coverage

Under your New Vehicle Limited Warranty, the following components are covered against defects in factory-supplied material or workmanship for 8 years or 160,000 km, whichever occurs first:

- High voltage battery
- DC/DC Converter
- Electronically controlled continuously variable transmission

WARRANTY INFORMATION FOR 2008 MODEL YEAR

Roadside Assistance 1-800-665-2006

Your vehicle is eligible, within Canada or the continental United States, for the Ford Roadside Assistance Program. This Program is separate from the New Vehicle Limited Warranty, but the coverage is concurrent with the 5 years or 100,000 km (whichever occurs first) Powertrain Coverage period.

Towing required because of a warrantable failure beyond the 5 years or 100,000 km (whichever occurs first) Powertrain Coverage is covered under any remaining applicable New Vehicle Limited Warranty coverage.

Please refer to the Ford Roadside Assistance Club section of this Customer Information Guide for complete details (pages 36-38).

Corrosion Coverage

Under your New Vehicle Limited Warranty, Corrosion Coverage begins at the original warranty start date and covers body sheet metal panels against corrosion due to a defect in factory-supplied materials and workmanship. The length of the coverage depends on the type of corrosion damage:

- If corrosion causes perforations (holes) in the body sheet metal panels, the coverage extends for 5 years/unlimited distance.
- If corrosion does not cause perforations (holes), and is not the result of vehicle usage and/or airborne materials, the Corrosion Coverage is 36 months or 60,000 km (whichever occurs first).

If your vehicle is damaged due to airborne materials (environmental fallout) where there is no defect in factory-supplied materials or workmanship and therefore no applicable Ford of Canada warranty, Ford of Canada will still cover paint damage due to airborne materials (environmental fallout) for 12 months or 20,000 km (whichever occurs first). See "Damage Caused by Use and/or the Environment", page 10.

Powertrain Coverage

Under the New Vehicle Limited Warranty, the Powertrain Warranty Coverage covers certain components against defects in factory-supplied materials or workmanship for 5 years or 100,000 km (whichever occurs first) from the original warranty start date. (F-Super Duty equipped with a 6.4L Power Stroke Diesel Engine has a Unique Powertrain Coverage that extends beyond the 5 years or 100,000 km (whichever occurs first) Powertrain Coverage. See "**F-Super Duty Equipped with a 6.4L Power Stroke Diesel Engine Unique Powertrain Coverage**" on page 7 for details.) The covered components listed under the Powertrain Warranty are:

Engine - All internal lubricated parts; cylinder block; cylinder heads; electrical fuel pump; electronic engine control unit; engine mounts; flywheel; injection pump; manifold (intake and exhaust); manifold bolts; oil pan; oil pump; seals and gaskets; thermostat; thermostat housing; timing chain cover; timing chain gears and belts; turbocharge/supercharge unit (factory-installed); valve covers; water pump.

Transmission - All internal parts; clutch cover; seals and gaskets; torque converter; transfer case (including internal parts); transmission case; transmission mounts.

Front-Wheel Drive - Axle shafts; front-wheel bearings; rear-wheel bearings; centre support-bearing; drive shafts; final drive housing (including all internal parts); hubs-automatic front locking (four-wheel drive); locking rings (four-wheel drive); seals and gaskets; constant velocity and universal joints.

Rear-Wheel Drive - Axle shafts; front-wheel bearings; rear-wheel bearings; centre support bearing; drive axle housing and all internal parts; drive shaft; propeller shafts; retainers; supports; seals and gaskets; universal and constant velocity joints.

WARRANTY INFORMATION

FOR 2008 MODEL YEAR

F-Super Duty Equipped with a 6.4L Power Stroke Diesel Engine Unique Powertrain Coverage

Under the New Vehicle Limited Warranty, the following components are covered against defects in factory-supplied materials or workmanship for 5 years or 160,000 km (whichever occurs first) from the original warranty start date.

Transmission - All internal parts; clutch cover; seals and gaskets; torque converter; transfer case (including internal parts); transmission case; transmission mounts.

Four-Wheel Drive - Axle shafts; front-wheel bearings; rear-wheel bearings; centre support bearing; drive shafts; hubs-automatic front locking; locking rings; seals and gaskets; constant velocity and universal joints.

Rear-Wheel Drive - Axle shafts; front-wheel bearings; rear-wheel bearings; centre support bearing; drive axle housing and all internal parts; drive shaft; propeller shafts; retainers; supports; seals and gaskets; universal and constant velocity joints.

6.0L and 6.4L Power Stroke Diesel Engine Coverage

The New Vehicle Limited Warranty covers certain Direct Injection Diesel Engine components against defects in factory-supplied materials or workmanship for 5 years or 160,000 km (whichever occurs first).

Covered components: cylinder block, heads and all internal parts, intake and exhaust manifolds, timing gear, harmonic balancer, valve covers, oil pan and pump, water pump, fuel system (excluding fuel lines, fuel tank, and frame mounted fuel conditioning module sometimes referred to as the frame mounted pump/filter/water separator), high pressure lines, gaskets and seals, glow plugs, turbocharger, two-stager turbocharger assembly (6.4L), turbocharger actuator (6.4L), powertrain control module, engine control module (6.4L), high pressure fuel injection pump assembly (6.4L), electronic driver unit, injectors, injection pressure sensor, fuel rail pressure sensor

(6.4L), high pressure oil regulator, exhaust back pressure regulator and sensor, exhaust pressure sensor (6.4L), manifold pressure sensor (6.4L), intake air temperature sensor (6.4L), crankshaft position sensor (6.4L), camshaft position sensor, accelerator switch.

NOTE: *Some components may also be covered by the Emissions Warranties. See pages 7-9 for more information.*

Safety Restraint Coverage

Under your New Vehicle Limited Warranty, safety belts and air bag Supplemental Restraint Systems (SRS) are covered against defects in factory-supplied materials or workmanship. Safety Restraint System Coverage begins on the original warranty start date and lasts for 5 years or 100,000 km (whichever occurs first).

Emissions Control Systems Coverage

The Emissions Control System is covered by two warranties: the Emissions Defects Warranty and the Emissions Performance Warranty.

Emissions Defects Warranty Coverage

Under the Emissions Defects Warranty, Ford provides coverage for emissions related defects for 36 months or 60,000 km (whichever occurs first) for vehicles if certified to light duty emissions*; or 5 years or 80,000 km (whichever occurs first) for heavy duty vehicles over 3,856 kg or (8,500 lb). During this coverage period, Ford warrants that:

- Your vehicle or engine is designed, built and equipped to meet the applicable emissions standards prescribed by law - at the time it was sold.

WARRANTY INFORMATION

FOR 2008 MODEL YEAR

- Your vehicle or engine is free from defects in factory-supplied materials and or workmanship that could prevent it from conforming with those applicable emissions standards.
- You will not be charged for repair, replacement or adjustment of defective emissions-related parts listed under "Parts Covered by the Emissions Defect and Performance Warranties" on page 8.

***NOTE:** Vehicles certified to light duty emissions will have a hood label that reads 'VEHICLE EMISSION CONTROL INFORMATION' instead of important engine information.

Emissions Performance Warranty Coverage

Under the Emissions Performance Warranty Coverage, Ford will repair, replace or adjust – with no charge for labour, diagnosis, or parts – any emissions control device or system:

- If you have maintained and operated your vehicle according to the instructions on proper care in this Customer Information Guide and your Owner's Guide;
- If your vehicle fails to conform during the warranty coverage period of 36 months or 60,000 km (whichever occurs first) for vehicles certified to light duty emissions*, or 5 years or 80,000 km (whichever occurs first) for heavy duty vehicles over 3,856 kg or (8,500 lb), to the applicable emissions standards;
- If you are subject to a penalty or sanction under local, provincial, or federal law because your vehicle has failed to conform to the applicable emissions standards. (A penalty or sanction can include being denied the right to use your vehicle); and
- If your vehicle has not been tampered with, misused, or abused.

Parts Covered by the Emissions Defect and Performance Warranties

Air Flow Sensor; Air/Fuel Feedback Control System and Sensors; Air Induction System; Altitude Compensation System; Catalytic Converter; Cold Start Enrichment System; Cold Start Fuel Injector (1); Controls for Deceleration; Electronic Engine Control Sensors and Switches;

Electronic Ignition System; Evaporative Emissions Control System; Exhaust Gas Recirculation (EGR) System; Exhaust Heat Control Valve; Exhaust Manifold; Exhaust Pipe (Manifold to Catalyst); Fuel Filler Cap and Neck Restrictor; Fuel Injection System; Fuel Injector Supply Manifold; Fuel Sensor (1); Fuel Tank (non diesel only); Fuel Tank Pressure Control Valve (1); Idle Air Bypass Valve; Ignition Coil and/or Control Module; Intake Manifold; Intercooler Assembly - Engine Charger; Malfunction Indicator Lamp (MIL)/On-Board Diagnostic (OBD) System; PCV System and Oil Filler Cap; Powertrain Control Module (PCM); Secondary Air Injection System; Spark Control Components; Spark Plugs and Ignition Wires; Synchronizer Assembly; Throttle Body Assembly (MFI); Turbocharger Assembly; Transmission Control Module.

(1) Flex fuel only

Additional Parts Covered by the Emissions Warranty

Also covered by the two Emissions Warranties are all emissions related bulbs, hoses, clamps, brackets, tubes, gaskets, seals, connectors, gasoline fuel lines, and wiring harnesses that are used with components on the list of parts, above.

Parts that should be replaced as per Ford's Scheduled Maintenance Services are covered against defects in materials or workmanship made or supplied by Ford until the earlier of:

(A) The first replacement time that is specified in your Owner's Guide and/or this Customer Information Guide; or

(B) The "time and distance travelled" limits of the Defect and Performance Warranties (whichever occurs first).

Your Ford or Ford Lincoln dealer maintains a complete list of parts covered by emissions warranties. For more details about the specific parts covered by the Emissions Defect Warranty, contact your dealer.

WARRANTY INFORMATION FOR 2008 MODEL YEAR

Emissions Defect/Performance Warranty:

Additional Parts Covered

Ford also provides the following coverages for emissions related defects for the parts listed below including labour and diagnosis.

Vehicles certified to light duty emissions: 8 years or 130,000 km (whichever occurs first): Catalytic Converter, Powertrain Control Module, On-Board Emissions Diagnostic Device, Electronic Emission Control Unit, Transmission Control Module

Diesel Engine Vehicles over 3856 kg (8,500 lb): 5 years or 160,000 km (whichever occurs first): Air Flow Sensor, Air Induction System, Catalytic Converter (including Diesel Particulate Filter and Diesel Oxidation Catalyst), Cold Start Enrichment System, Electronic Engine Control Sensors and Switches, Electronic Engine Control Unit (ECU), Emissions Label, Exhaust Gas Recirculation (EGR) System, Exhaust Manifold, Fuel Injection System, Fuel Injector Supply Manifold, Intake Manifold, Intercooler Assembly - Engine Charger, Malfunction Indicator Lamp (MIL)/On-Board Diagnostic (OBD) System, PCV System and Oil Filler Cap, Supercharger Assembly, Throttle Body Assembly (MFI), Turbocharger Assembly.

***NOTE:** Vehicles certified to light duty emissions will have a hood label that reads 'VEHICLE EMISSION CONTROL INFORMATION' instead of important engine information.

Tire Warranty

Two separate warranties apply to the tires on your new vehicle. The New Vehicle Limited Warranty covers tire defects in factory-supplied materials or workmanship during the Basic Coverage period of 36 months or 60,000 km (whichever occurs first) for 100% of labour costs and on a pro rata adjustment basis for parts (see the Reimbursement Schedule below). Defective tires will be replaced on a pro rata adjustment basis according to the following kilometre-based Reimbursement Schedule:

<u>Vehicle Distance Travelled</u>	<u>Percent of Parts Covered by Ford</u>
-----------------------------------	---

1-20,000 km	100%
20,001-40,000 km	60%
40,001-60,000 km	30%

The tire manufacturer also provides you with a separate tire warranty that may extend beyond the Basic Coverage terms or period. You will find the manufacturer's tire warranty with the owner literature supplied with your new vehicle.

Tire replacements under warranty will be made with the same brand and model as originally equipped with the vehicle unless the same brand and model is no longer available, in which case a tire of the same brand size, load, speed and tread type will be used. In some circumstances, Ford may authorize another brand and/or model to substitute for the original brand and model even if still available.

Normal tire wear or damage is not reimbursable. See page 12 for details of what is not covered.

Warranty Coverage for Specified Components

Brake lining, clutch disc, wiper blades, windshields, wheel balance and alignment are covered against defects in factory-supplied materials or workmanship for 12 months or 20,000 km (whichever occurs first) from the original warranty start date.

Genuine Ford Accessories Coverage

Ford of Canada warrants that its authorized dealers will repair or replace any Genuine Ford accessory that is properly installed by the authorized dealer that sold the accessory and found to be defective in factory-supplied materials or workmanship during the warranty period noted below, as well as any component damaged by the defective accessory. The accessory will be warranted for the greater of the following:

- 12 months or 20,000 km (whichever occurs first); or
- The remainder of your Basic Coverage period.

WARRANTY INFORMATION FOR 2008 MODEL YEAR

This means that Genuine Ford Accessories purchased along with your new vehicle and installed by the dealer are covered for the full length of your Basic Coverage period – 36 months or 60,000 km (whichever occurs first).

What is Not Covered Under this New Vehicle Limited Warranty?

Damage Caused by Accident, Misuse or Alteration

Examples of items not covered are:

- Accident collision, fire, theft, freezing, vandalism, riot, floods, explosion, dismantling, or objects striking the vehicle including driving through a car wash
- Misusing the vehicle, such as driving over curbs, overloading, racing, or using the vehicle as a stationary power source
- Alterations, modifications or reconstruction of the vehicle, including the body, chassis, or any other component after the vehicle leaves the control of Ford of Canada
- Alterations or modifications to allow the use of alternate fuels after the vehicle leaves the control of Ford of Canada
- Rebuilding the vehicle after it has suffered such extensive collision damage in an accident that it was junked, written-off or deemed to be written-off, even if the rebuilt vehicle uses undamaged parts and components from the written-off vehicle
- Tampering with the vehicle, including tampering with the emissions systems or with other parts that affect these systems (for example, exhaust and intake systems)
- Contaminated or improper fuel/fluids
- Customer-applied chemicals or accidental spills
- Driving through water deep enough to cause water to be ingested into the engine or battery

- Non-Ford parts installed after the vehicle leaves Ford of Canada's control and causes a Ford part to fail. Examples include, but are not limited to lift kits, oversized tires, roll bars, cellular phones, alarm systems, remote starting systems and performance enhancing powertrain components
- Improper vehicle storage (refer to your Owner's Guide for required storage procedures necessary to protect the high-voltage battery)

NOTE: Warranty coverage will be invalidated on parts affected by such damage.

Damage Caused by Use and/or the Environment

The New Vehicle Limited Warranty does not cover surface rust and deterioration of paint, trim, upholstery and other appearance items that result from use and/or exposure to the elements.

Examples are:

- Stone Chips and Scratches (e.g. on paint and glass)
- Dings/Dents
- Lightning and Hail
- Earthquake
- Cuts, Burns, Punctures or Tears
- Bird and Bee Droppings
- Road Salt and Tree Sap
- Windstorm
- Water or Flood

Damage Caused by Improper Maintenance

The New Vehicle Limited Warranty does not cover damage caused by failure to maintain the vehicle, improperly maintaining the vehicle, or using the wrong part, fuel, oil, lubricants, or fluids.

In fact, failure to perform maintenance as specified in your Owner's Guide and this Customer Information Guide will invalidate warranty coverage on parts affected by improper maintenance.

Please consult your Owner's Guide for correct fluid specifications and levels, and read the Scheduled Maintenance Services Section of this Customer Information Guide (pages 18-21), for instructions on proper maintenance of your vehicle.

WARRANTY INFORMATION

FOR 2008 MODEL YEAR

Maintenance/Wear

The New Vehicle Limited Warranty does not cover parts and labour needed to maintain your vehicle and replacement of parts due to normal wear and tear (except for items listed under Some Maintenance and Wear Items Have Limited Coverage). You, as the owner, are responsible for these items. Here are examples:

- Oil Changes
- Cleaning/Polishing
- Engine Tune-ups
- Oil/Air Filters
- Tire Rotations
- Oils, Lubricants, Other Fluids

Parts that should be replaced as per Ford's Scheduled Maintenance Services are covered against defects in materials or workmanship made or supplied by Ford until the earlier of:

- (A) The first replacement time that is specified in your Owner's Guide and/or this Customer Information Guide; or
- (B) The "time and distanced travelled" limits of the New Vehicle Limited Warranty (whichever occurs first).

Some Maintenance and Wear Items Have Limited Coverage

Ford of Canada dealers will replace the following maintenance and wear items for 12 months or 20,000 km (whichever occurs first) from the original warranty start date, if required due to failure caused by normal wear and tear:

- Brake pads and linings
- Clutch disc
- Wiper Blades

Other Items/Conditions Not Covered by this Warranty

Examples of other items that are not covered are:

- Non-Ford parts of your vehicle including Non-Ford parts that are installed by body builders or manufacturers other than Ford; or damage to Ford components caused by installation of non-Ford parts
- Disconnecting or altering the odometer, or where the actual distance travelled cannot be determined due to the odometer being inoperative for an extended period of time (this will void the New Vehicle Limited Warranty)
- Vehicles currently or previously titled as "dismantled", "fire", "flood", "junk", "reconstructed", "totalled", or "salvaged" (this will void the New Vehicle Limited Warranty)
- Vehicles determined to be a "total loss" by an insurance company (this will void the New Vehicle Limited Warranty)
- Converted ambulances that are not equipped with the Ford Ambulance Prep Package*
- High-voltage battery replacement due to improper vehicle storage. Refer to the Owner's Guide for the proper ways your vehicle's battery must be maintained in the event the vehicle is not driven or is stored for an extended period of time
- Ford Authorized retail parts are not eligible for the balance of the New Vehicle Limited Warranty, however they may carry their own warranty (see your dealer for more information).

WARRANTY INFORMATION FOR 2008 MODEL YEAR

SYNC Hands-Free Communications and Entertainment System

If your vehicle is equipped with SYNC, the New Vehicle Limited Warranty does not cover repairs or replacement under certain conditions. Some examples include:

- Loss of personal recording media, software or data
- Failure to provide proper installation environment
- Damage caused by:
 - abnormal use such as insertion of foreign objects, fluid spillage
 - unauthorized modification
 - computer or internet viruses, bugs, worms, Trojan Horses, cancelbots
 - installation of unauthorized software, peripherals and attachments
 - unauthorized, unapproved and/or incompatible repairs, upgrades and modification
 - the defective function of your cellular phone or digital media device (i.e., inadequate signal reception by the external antenna, viruses or other software problems)

***Important Information on Ambulance Conversions:**

Ford vehicles are suitable for producing ambulances only if equipped with the Ford Ambulance Prep Package. In addition, Ford urges ambulance manufacturers to follow the recommendations of the "Ford Incomplete Vehicle Manual" and the "Ford Truck Body Builder's Layout Book" (and pertinent supplements).

Using a Ford vehicle without the Ford Ambulance Prep Package to produce an ambulance voids the Ford New Vehicle Limited Warranty and may void the Emissions Control Systems Coverage under this warranty. Vehicles used as ambulances without the Ford Ambulance Prep Package could experience elevated underbody temperature, fuel overpressurization and the risk of fuel expulsion

and fires. Whether the vehicle is equipped with the Ford Ambulance Prep Package may be determined by inspecting the information plate on the driver's rear door pillar. Whether the ambulance manufacturer has followed Ford's recommendations can be determined by contacting your vehicle's ambulance manufacturer.

Not Covered Under the Tire Warranty:

Normal wear and/or worn-out tires are not covered by the New Vehicle Limited Warranty.

Other examples of items not covered are:

- Road hazard damage including cuts, snags, bruises, bulges and impact breaks (due to potholes and curbs or other road hazards).
- Damage caused by a puncture or tire repair.
- Damage from improper inflation or alignment, tire chains, racing, spinning (e.g. when stuck in snow or mud), and improper mounting or dismounting.
- Tire vibration or ride harshness is not covered beyond 12 months or 20,000 km unless caused by a defect in factory supplied materials or workmanship.
- Retail tires are not eligible for the balance of the New Vehicle Limited Warranty Basic Coverage, however they may carry their own warranty (see your dealer for more information).

Not Covered Under the Emissions Warranties?

Ford will deny you warranty coverage if your vehicle or part has failed because you:

- Abused or neglected it
- Did not maintain it properly
- Added unapproved modifications
- Used improper fuel/fluids
- Experienced any item included in "What is Not Covered Under this New Vehicle Limited Warranty?"

WARRANTY INFORMATION

FOR 2008 MODEL YEAR

New Vehicle Warranty Limitations

The foregoing coverage described in the New Vehicle Limited Warranty are the only express warranties on the part of Ford of Canada and the selling dealer. You may have other rights which may vary by province.

The foregoing express warranties are in substitution for and exclude all other liabilities of any kind whether arising under statute, in tort, by implication of law or otherwise including, to the full extent as may be allowed by law, liability for any other representations respecting the vehicle, statutory warranties or implied warranties or conditions as to its merchantability or fitness.

Any implied warranty or condition as to merchantability or fitness is limited to the applicable warranty duration period as specified herein.

In no event shall Ford of Canada or the selling dealer be liable for the loss of or damage to the vehicle or its parts, loss of use of the vehicle, loss of time, inconvenience, commercial loss, or special consequential or other damages, or on any other claims relating to or arising from any defect in factory materials or workmanship found except as provided for herein.

The above provisions do not preclude the operation of any applicable provincial statute which in certain circumstances may not allow some of the limitations and exclusions described in these warranty coverages.

In the province of Saskatchewan the duration of the applicable statutory warranties of that province shall be concurrent with and not consecutive to the duration of the foregoing coverage of this Ford of Canada New Vehicle Limited Warranty.

Inspect Your New Vehicle Carefully

Defects or damage to paint, sheet metal or other appearance items may occur during assembly or when the vehicle is in transit to the dealer. Normally, these defects are noted and corrected at the factory or by your dealer during new vehicle inspection. Paint, sheet metal or appearance defects present at the time your vehicle is delivered to you are covered by this warranty. For your protection, we suggest that if you do find any such defects, you notify your dealer within one week of the vehicle's delivery to you, as normal deterioration due to use and exposure is not covered by this warranty.

Defects vs. Damage

Please note the distinction between "defects" and "damage" as used in the warranty. Defects are covered because we, the manufacturer, are responsible. This includes defects in Ford-supplied parts used in making warranty repairs as well as in the original parts of the vehicle. On the other hand, we have no control over damage caused by such things as collision, misuse and lack of maintenance. Therefore, **damage is not covered under this warranty.**

Take Care of Your Vehicle and It Will Take Care of You!

Proper maintenance protects you from major repair expense resulting from neglect or inadequate maintenance, and it may even help increase the resale value of your vehicle.

Your Ford dealership has factory-trained technicians who can perform the required maintenance using Ford-approved parts. The dealership looks forward to meeting your every service need to maximize your satisfaction with your vehicle.

It is your responsibility to make sure that all of the scheduled maintenance is performed and that the materials used meet Ford engineering specifications. Failure to perform scheduled maintenance as specified in the Scheduled Maintenance Services section of this Customer Information Guide (pages 18-21) will invalidate warranty.

WARRANTY INFORMATION

FOR 2008 MODEL YEAR

coverage on parts affected by improper maintenance. Make sure that receipts for completed maintenance work are retained with the vehicle and confirmation of maintenance work is always entered on pages 22-35.

Does the New Vehicle Limited Warranty Apply to Your Vehicle?

Warranty Applies

The New Vehicle Limited Warranty described in this booklet applies to your vehicle if:

- It was originally sold or leased by a Ford of Canada dealer; and
- Is registered/licensed and operated in Canada or the United States.

Warranty Does Not Apply

Ford of Canada will void all of the New Vehicle Limited Warranty described in this booklet, if the vehicle was originally purchased in Canada and at any time:

- Is registered/licensed for use in countries other than Canada or the United States.

Taking Your Vehicle on a Trip?

If you travel with this vehicle outside of Canada or the United States, you may have to pay a servicing Ford dealer in a foreign country for a repair that could be covered under this New Vehicle Limited Warranty. If this occurs, you should present the paid repair order/invoice to a Ford of Canada dealer for refund consideration.

If You Are a Subsequent Ford Owner...

If you are a subsequent Ford owner and the New Vehicle Limited Warranty has not yet expired, you are entitled to the unexpired portion of the warranty. Please send us the completed Owner Information Change Card found at the centre of this Customer Information Guide (postage paid).

The benefits of the Ford Roadside Assistance Program are transferred (within the Powertrain Coverage period of 5 years or 100,000 km – whichever occurs first), at no charge to you.

Need Assistance? We're Here to Help You...

Your satisfaction is important to Ford of Canada and to your dealer. Normally, matters concerning your vehicle will be resolved by your dealer's sales or service department.

Ford recommends that you do the following:

Talk with your dealer's sales manager or service manager. If the matter is not resolved to your satisfaction, consider discussing the matter with the owner or general manager of the dealership.

If you still feel your concern was not fully addressed or you did not understand the explanations given for your questions, contact Ford of Canada's Customer Relationship Centre at (toll free) 1-800-565-3673 (FORD) or through our web site at www.ford.ca.

The Centre's address is as follows:

Customer Relationship Centre
Ford Motor Company of Canada Limited
The Canadian Road
PO Box 2000
Oakville, Ontario, Canada
L6J 5E4

WARRANTY INFORMATION

FOR 2008 MODEL YEAR

Mediation/Arbitration Program (for Canada only)

If you feel that the efforts by Ford and the dealer to resolve a factory-related vehicle service concern have been unsatisfactory, Ford of Canada participates in an impartial third-party mediation/ arbitration program administered by the *Canadian Motor Vehicle Arbitration Plan* (CAMVAP).

The CAMVAP program is a straightforward and relatively speedy alternative to resolve a disagreement when all other efforts to produce a settlement have failed. This procedure is without cost to you and is designed to eliminate the need for lengthy and expensive legal proceedings.

In the CAMVAP program, impartial third-party arbitrators conduct hearings at mutually convenient times and places in an informal environment. These impartial arbitrators review the positions of the parties, make decisions and, where appropriate, render awards to resolve disputes. CAMVAP decisions are fast, fair and final as the arbitrator's award is binding on both you and Ford of Canada.

The CAMVAP services are available in all Canadian territories and provinces. For more information, without charge or obligation, call your CAMVAP provincial administrator directly at 1-800-207-0685.

WARRANTY INFORMATION FOR 2008 MODEL YEAR

Log on to www.ford.ca

The Ford of Canada web site contains information for you, the new vehicle owner. On www.ford.ca you can download printed material, contact us via e-mail, locate your nearest dealer, and so much more! These are just some of the ways www.ford.ca can be a great resource tool for you.

Ford Extended Service Plan

You can get more protection for your vehicle by purchasing a Ford Extended Service Plan (ESP). Ford ESP is the only service contract backed by Ford of Canada. Depending on the plan you purchase, Ford ESP provides benefits such as:

- Reimbursement for rentals
- Coverage for certain maintenance and wear items
- Protection against repair costs after your New Vehicle Limited Warranty Coverage expires
- Roadside Assistance benefits after your Powertrain Warranty Coverage expires

You may purchase Ford ESP from any participating Ford of Canada dealer. There are several Ford ESP plans available in various time, distance and deductible combinations. Each plan is tailored to fit your own driving needs, including reimbursement for towing and rental.

When you purchase Ford ESP, you receive peace-of-mind protection throughout Canada and the United States, provided by a network of more than 4,500 Ford dealers!

NOTE: *Repairs performed outside of Canada and the United States are not eligible for Ford ESP coverage. This information is subject to change. Be sure to ask your dealer for complete details about Ford ESP coverage.*

Driving Habits Make a Difference – To You and to the Environment

At Ford of Canada, we're dedicated to protecting the environment and we want to make it easy for you to participate. Below are environmentally-conscious driving tips we encourage you to consider.

A Poorly-Tuned Engine Can Increase Fuel Consumption

By properly maintaining your vehicle and following the Scheduled Maintenance Services in this Customer Information Guide (pages 18-21), you can maximize fuel efficiency. With a well-tuned engine, you'll also help to minimize engine wear and tear.

Avoid Unnecessary Idling

No matter how efficient your vehicle, idling consumes fuel. *Ten seconds of idling uses up more fuel than restarting your engine.* Turn off the ignition if you are waiting for someone.

Don't Rest Your Left Foot on the Brake Pedal While Driving

Doing so increases the temperature of the brake components, thus reducing their efficiency. It also reduces the life of the brake linings and causes the engine to work harder than necessary. It's also a safety hazard because it keeps the brake lights on continuously.

Lose the Excess Weight

Heavy bags of sand and salt in the back of your vehicle serve no useful purpose in spring, summer, and fall. Extra weight means wasted fuel and money.

IMPORTANT OWNER INFORMATION

FOR 2008 MODEL YEAR

Slow Down

Maintain posted highway speeds. Tests show that most vehicles use about 10% less fuel when driven at 90 km/h instead of 100 km/h. And if you drive at 110 km/h rather than 90 km/h, you'll increase fuel consumption by about 20%!

Accelerate Smoothly When Passing Other Vehicles or Merging With Faster Traffic

Anticipate traffic ahead of you so you can adjust your speed to changes in traffic flow. This defensive driving technique gives a smoother, safer ride and is very fuel efficient.

Underinflated Tires Can Increase Your Fuel Consumption by 5%

Purchase a good quality air-pressure gauge and check the inflation pressure of your tires once a month. Underinflated tires wear out faster, waste fuel, and are unsafe. Keep your tires inflated to the pressure specified by the vehicle manufacturer.

Are You Doing "Jackrabbit" Starts?

Abrupt, aggressive starts are hard on the tires, guzzle gas, and do not get you to your destination noticeably faster. Also, try to anticipate stops. Avoiding abrupt stops will save gas and help to reduce wear on tires and brakes.

Winter Driving Can Increase Fuel Consumption by 50%

One of the most important environmental factors affecting fuel consumption is temperature. At -20° C, for example, the average engine needs at least five kilometres of driving to fully warm up. How can you use less fuel when driving in winter? Your vehicle may be equipped with a block heater – this device warms the coolant, which in turn, warms the engine block and oil. Use a timer to switch on your block heater one or two hours before you plan to drive. A warm engine means easier starting, fewer emissions, and less need for idling. Winter tires save fuel in the winter by giving better traction on snow and ice. Remove as much snow and ice as possible from your vehicle before you drive. You'll get better fuel economy and maximum visibility.

SCHEDULED MAINTENANCE SERVICES FOR 2008 MODEL YEAR

An Investment in Your Ownership Satisfaction

With Genuine Ford Parts and Service, you can trust your vehicle gets the treatment it needs from the people who know it best. Our technicians and service advisors have the company training, the precision diagnostic equipment and the company authorized parts to help keep your vehicle running in top condition. Genuine Ford Parts and Service, helps to protect your investment, maintain your warranty, and maximize the resale value of your vehicle. Don't take chances by taking your vehicle anywhere other than your authorized Ford or Ford Lincoln dealer.

Protecting Your Investment

- The required **Scheduled Maintenance Services** listed in this Customer Information Guide are essential to the proper operation, safety and performance of your Ford vehicle.
- It is your responsibility to make sure that all the scheduled maintenance is performed and that the materials used meet Ford engineering specifications.
- This Customer Information Guide contains a **Scheduled Maintenance Validation Record** (pages 22-35). It should be signed by dealership service personnel to validate each maintenance service as it is completed. Be sure receipts for completed maintenance are kept with the vehicle and confirmation of the work performed is always recorded in this Customer Information Guide.
- We recommend that you also perform the **Owner Maintenance Checks** listed in this Customer Information Guide (page 20). These services are matters of day-to-day care that are also important to the proper operation of your vehicle.

Maintenance Interval

Ford of Canada has recommended maintenance intervals for various parts and component systems based upon engineering testing. Ford of Canada relies upon this testing to determine the most appropriate time or mileage for replacement of oils, fluids and parts to help protect your vehicle at the lowest overall cost to you and does not recommend maintenance schedules that deviate from the Ford Scheduled Maintenance Services listed in this Guide.

Which Maintenance Schedule is Right for You?

The normal maintenance schedule (see pages 22-27) of 6 months or 12,000 km applies to those who operate their vehicle under typical, everyday driving conditions. The listed services should be performed at specified distance or time intervals.

Items listed in "Special Operating Conditions" (see pages 28-35) and "Additional Maintenance Requirements for Specific Vehicle Types" are services that only the noted vehicles and situations require.

Special Operating Conditions

If you **primarily** operate your vehicle in any of the more demanding "**Special Operating Conditions**" listed below, perform oil and filter changes every **6 months or 8,000 km** and automatic transmission fluid changes every **48,000 km**, replace fuel filter every **24,000 km** (except Fusion, Edge, Taurus and Taurus X), replace spark plugs and PCV, if serviceable, every **96,000 km**, transfer case fluid every **96,000 km**, and rear axle fluid every **96,000 km** (450, 550).

SCHEDULED MAINTENANCE SERVICES

FOR 2008 MODEL YEAR

- You tow a trailer or use a camper or car-top carrier.
- Most trips include extensive idling and/or low-speed driving for long distances as in heavy commercial use.
- Carrying heavy loads.
- The vehicle is used for delivery service, police, taxi or other commercial application.
- You operate in dusty conditions such as unpaved or dusty roads.
- You operate the vehicle off-road.
- The vehicle is used in a stationary manner (industrial application or continuous idling situation) while the engine is running for long periods. You should change your oil and filter every 200 engine hours or every 6 months or 8,000 km whichever occurs first. (It will be necessary to approximate idle time on vehicles not equipped with hourmeters.)
- Varied driving habits, dust and road conditions require more frequent replacement or service of wear components than the time and distance intervals shown in this publication.

Note: Some services may be different depending on the vehicle. See your Dealer for details.

Oils, Fluids and Flushing

In many cases, fluid (e.g. transmission, coolant) discolouration is a normal operating characteristic of the chemical compound and it should not be the sole reason for a fluid to be changed. Oils and Fluids identified in this Customer Information Guide should only be changed at the specified interval or if required for component repair. Flushing is a viable way to change fluid for many vehicle sub-systems during scheduled maintenance and should only be done using either the same fluid required to finish the maintenance procedure, or a Ford approved flushing chemical.

Chemicals and Additives

Non-Ford approved chemicals or additives are not required for factory recommended maintenance. In fact, Ford of Canada recommends against the use of such additive products unless specifically recommended by Ford for a particular application.

Your vehicle is very sophisticated and built with multiple complex performance systems. Every manufacturer develops these systems using different specifications and performance features. That's why it's important to rely on your Ford or Ford/Lincoln dealership to properly diagnose and repair your vehicle.

Additional Maintenance Requirements

4x4 Vehicles

- Replace transfer case fluid every 240,000 km
- Replace front axle lubricant every 240,000 km
- Inspect and lubricate 4x4 axle u-joints every 24,000 km

Super Duty, F-Super Duty

- Replace rear axle lubricant every 240,000 km (450, 550)
- Replace manual transmission fluid every 96,000 km

Motorhome/Recreational/Ambulance

- Replace brake fluid every two years

Flex Fuel Vehicles

- If using E-85 fuel more than 50% of the time, change engine oil every 6 months or 8,000 km (whichever occurs first) and replace spark plugs at 96,000 km

SCHEDULED MAINTENANCE SERVICES

FOR 2008 MODEL YEAR

Vehicle Maintenance Monitor

If your vehicle is equipped with a Vehicle Maintenance Monitor (VMM), change oil and filter when indicated by the VMM, but do not go beyond 6 months.

Escape Hybrid

- Refer to Owner's Guide for scheduled maintenance requirements

6.0L and 6.4L Diesel Engines

- Refer to 6.0L and 6.4L Power Stroke Direct Injection Turbo Diesel Owner's Guide for scheduled maintenance requirements

Normal Axle and Power Take-Off Maintenance

Rear axles and power take-off (PTO) units containing synthetic lubricant and light duty trucks equipped with Ford-designed axles are lubricated for life. These lubricants are not to be changed unless service is required or the axle assembly has been submerged in water.

Motorcraft Premium "Yellow" Engine Coolant

- 6 years or 168,000 km - Change Premium "yellow" engine coolant (whichever occurs first)
- After the initial change - change Premium "yellow" coolant every 3 years or 72,000 km (whichever occurs first)

Ford Factory Authorized System Checks

In the event that your vehicle experiences a component related concern, please contact your Ford or Ford Lincoln dealership. The Ford of Canada Trained Technicians who work at Ford or Ford Lincoln dealerships are specifically trained to understand your vehicle.

A proper repair begins with a thorough system check. A Ford Factory Authorized Systems Checks can ONLY be found at a Ford or Ford Lincoln dealership. In some circumstances, the Technician may need to request your authorization to perform additional operations to determine the final diagnosis. The Technician's goal is to ensure that your vehicle is fixed right the first time, at the best value to you.

The following list represents several of the Ford Factory Authorized Systems Checks available at a participating Ford or Ford Lincoln dealer:

- Air Conditioning
- Check Engine Light
- All Wheel Drive and 4X4
- Automatic Transmission
- Engine Cooling and Cabin Heating
- Steering and Suspension
- Charge/Start/Battery
- Wheel Alignment
- Anti-Lock Brake System

Owner Maintenance Checks ✓

Certain basic maintenance checks and inspections should be performed by the owner or a service technician at the intervals indicated. Service information and supporting specifications are provided in your Owner's Guide.

Any adverse condition should be brought to the attention of your dealer as soon as possible for the proper service advice. The owner maintenance service checks are generally not covered by warranties so you may be charged for labour, parts or lubricants used.

SCHEDULED MAINTENANCE SERVICES

FOR 2008 MODEL YEAR

When you stop for fuel:

- Check engine oil level
- View level of windshield washer fluid in reservoir
- View level of coolant fluid in reservoir
- Look for low or underinflated tires

At least monthly:

- Check function of all interior and exterior lights
- Check tires for wear and proper air pressure
- Check engine oil fluid level
- Check windshield washer solvent fluid level
- Check and drain fuel/water separator (diesel vehicle)

At least twice a year (every spring and fall):

- Check lap/shoulder belts and seat latches for wear and function
- Check air pressure in spare tire
- Check power steering fluid level
- Check washer spray, wiper operation, and clean all wiper blades
- Check parking brake for proper operation
- Check and lubricate all hinges, latches and outside locks
- Check and lubricate door rubber weatherstrips
- Check and clean body and door drain holes
- Check safety warning lamps (brake, ABS, air bag, safety belt) for operation
- Check cooling system fluid level and coolant strength
- Check battery water level (non-maintenance free)
- Check battery connections and clean if necessary
- Check clutch fluid level, if equipped
- Check spare tire attachment and tighten securely

Retorque wheels:

- Retorque dual rear wheels after 160 km of service, then 800 km after. Repeat this sequence after any rear wheel removal or tire rotation.

Check the Web for Additional Information

To learn more about the importance of routine and dealer-performed maintenance on your vehicle, please visit the Ford of Canada web site at www.ford.ca.

Note: The scheduled maintenance services are subject to change without notice.

SCHEDULED MAINTENANCE VALIDATION RECORD FOR 2008 MODEL YEAR

**NORMAL MAINTENANCE
SCHEDULE**

Based on your operating conditions, your Ford of Canada vehicle requires regularly scheduled maintenance at the distance indicated on the following interval charts.

PRE DELIVERY INSPECTION

- A 49-point inspection has been performed in accordance with the service record for this vehicle, shop manual procedures and applicable dealer instructions.

Appt. Date: ____/____/____**KM:** _____**Dealer Code:** _____**First Appt. Date** _____**Sales Consultant** _____

MULTI-POINT INSPECTION

- Check and top up fluid levels:
 - brake
 - power steering
 - clutch reservoir
 - window washer
 - coolant recovery reservoir
 - 4X4 transfer case
 - manual and automatic transmission
 - front drive axle
- Inspect tires for wear and air pressure, including spare
- Check exhaust system for leaks, damage, loose parts and foreign material
- Check battery performance
- Check operation of horn, exterior lamps, turn signals and hazard warning lights
- Check radiator, coolers, heater and air conditioning hoses for debris, leaks or loose items
- Check windshield washer spray and wiper operation
- Inspect accessory drive belts for proper tension, cracking, chunking
- Inspect air cleaner filter and air filter minder
- Inspect half shaft dust boots, if equipped
- Check and lubricate steering, suspension, ball joints, drive shaft u-joints and slip yoke (if serviceable).

12,000 km SERVICE

- Change engine oil
- Replace oil filter
- Multi-point Inspection
- Inspect tires for wear, rotate and measure tread depth

FORD ROADSIDE ASSISTANCE CLUB FOR 2008 MODEL YEAR

Roadside Assistance – For Your Peace-of-Mind

We are pleased to welcome you to Ford of Canada's Roadside Assistance Club! Our primary focus in providing this important benefit is to help ensure your safety, pleasure and convenience during the operation of your Ford or Mercury car or light truck.

Wherever you may be in Canada or the continental United States, our Roadside Assistance Representatives will be there to ensure you receive quick and efficient service 24 hours a day, 365 days a year.

Just call 1-800-665-2006.

Membership in the Roadside Assistance Club

Ford of Canada's Roadside Assistance Club covers all Ford and Mercury cars and light trucks. Service will be provided to the driver of the registered Ford vehicle.

Remaining Roadside Assistance benefits are transferable to subsequent owners of your vehicle at no cost (within the 5 years or 100,000 km coverage period, whichever occurs first). Please complete the Owner Information Change Card found at the centre of this Guide (postage paid).

A Roadside Assistance Card for Your Wallet

For your convenience, please carry your laminated Ford of Canada Roadside Assistance Card with you at all times for those unexpected instances when you may require our services. Please ensure you print your name and Vehicle Identification Number (VIN) on your cards when you take delivery of your vehicle. (See centre inserts.) The 17 digit VIN is stamped on the front of the driver's side dash.

The Roadside Assistance Club Has You Covered

Although this program is separate from the New Vehicle Limited Warranty and ESP (Extended Service Plan), coverage is concurrent with both the 5 years or 100,000 km (whichever occurs first) Powertrain Coverage and any additional terms/kilometres covered under your ESP agreement.

All coverage is limited to vehicles using publicly maintained roads (excludes off-road use, logging roads, etc.) and adjacent sites, and any other locations, which in the discretion of the service provider constitutes a publicly travelled thoroughfare.

Please note that the Ford Roadside Assistance Club is a complimentary service. Ford of Canada may cancel your coverage at any time by written notice. There is no refund available to you in the event of cancellation.

Towing and Road Service Reimbursement

If your vehicle is stranded and requires towing, battery boosting, fuel (up to 10 litres), tire service, key service or other roadside services, simply call Ford Roadside Assistance Club toll-free within Canada or the continental United States at 1-800-665-2006 and assistance will be dispatched.

At the time you call, you will be asked to provide your name, Vehicle Identification Number, the exact location of your vehicle and a telephone number where you can be reached.

In the event that you use a service other than Ford Roadside Assistance Club, we may reimburse you up to a maximum of \$75.00 per disablement. (See page 38 for claiming instructions.)

FORD ROADSIDE ASSISTANCE CLUB

FOR 2008 MODEL YEAR

General Information on Roadside Assistance Services

Covered Services

- Road Service (labour performed at disablement site)
- Service Calls (delivery of up to 10 litres of fuel or battery boost)
- Towing of your disabled vehicle to the nearest Ford dealership, or your selling dealer if within 25 km of the nearest Ford dealership (one tow per disablement)

Items Excluded from Coverage

- Parts, tire repairs, rental of towing equipment, storage fees, or any labour performed at a garage or service station
- Any form of impound towing by other than a licensed service station or garage
- Parts involved in lock-out service
- Assistance from private citizens
- Ford and the Ford Roadside Assistance Club coverage is not a warranty, but a service provided to you by Ford to minimize any unforeseen vehicle operation inconvenience. All service operators providing service are independent contractors and are not employees of Ford. Therefore, the Ford Roadside Assistance Club does not assume any liability for any loss or damage to your vehicle or your personal property resulting from the rendering of such service.
- Any loss or damage is the sole responsibility of the servicing facility and should be reported to the proprietor of the facility and your own insurance company within 24 hours and prior to any repairs being carried out.

Emergency Lock-out Service

When your ignition key is lost, broken or accidentally locked inside your vehicle, call the Ford Roadside Assistance Club and service will be dispatched. If circumstances require you to use an independent lock-out service, we may reimburse you up to \$75. (See page 38 for claiming instructions.)

Emergency Travel Expense Reimbursement

Should your vehicle become disabled due to collision or mechanical breakdown while you are more than 160 km from your residence address, we may reimburse you up to \$500 (in total), for the following reasonable emergency expenses (when not covered by insurance):

Covered Expenses

- Local lodging and meals
- Vehicle rentals from bona fide rental agencies (excludes gas expense)
- Commercial transportation to your destination, and return trip after repairs are completed

Coverage period is the lesser of: date of vehicle disablement up to three (3) days in total, or the time at which your vehicle is repaired.

Going on a Trip? We'd Love to Help You Plan!

When you plan your next road trip, our Travel Planning Centre will provide detailed information on the most time-saving or scenic routes to your destination. This no-charge service includes easy-to-follow maps, a highlighted travel planner specific to your route and destination, travel tips, driving information and other useful material to make your trip easier and more enjoyable. Please allow up to two weeks for delivery.

FORD ROADSIDE ASSISTANCE CLUB

FOR 2008 MODEL YEAR

If You Need to Submit a Claim

We've enclosed a claim form in this Customer Information Guide to be completed for emergency road and tow service reimbursement, or emergency travel expense reimbursement. File your claim no more than twenty (20) days after the occurrence.

Send to:

Ford Roadside Assistance Club
P.O. Box 190, Richmond Hill, ON L4B 4R5

Complete the appropriate portion of the form with accurate and concise answers and **include all requested documentation and original receipts**. This will facilitate prompt handling and reimbursement of your claim.

To acquire additional forms, please contact your Ford of Canada selling dealer or visit our web site at www.ford.ca.

Ford of Canada reserves the right to amend or cancel this program at any time without incurring obligations.

Extend Your Roadside Assistance Benefits

Ford of Canada's Roadside Assistance Club Coverage is also available beyond the Powertrain Coverage period. For a nominal yearly fee you can continue to enjoy this important benefit to help ensure your safety, pleasure and convenience during the operation of your Ford or Mercury car or light truck.

For immediate registration or for further information, please visit our web site at www.ford.ca, contact us at 1-877-294-2582 (CLUB), or visit any Ford of Canada dealer.

FORD ROADSIDE ASSISTANCE CLUB

FOR 2008 MODEL YEAR

An accident situation is an upsetting experience and collision repair is often complicated and confusing. Here are several key points we hope will guide you through the collision repair process.

The Insurance Company

Communication between you and your insurance company is a crucial part of the collision process. One call to your agent will help you better understand the terms, conditions and limitations of your policy. Remember, most policies require that your vehicle be repaired to its "pre-accident condition".

The Collision Repair Centre

Find a qualified body shop to perform repairs. Your insurance company may suggest collision repair shops, but you have the final say in where your vehicle will be repaired. Many Ford dealers offer collision repair services or can recommend a local collision repair centre.

The Estimate

Collision repair estimates can be extremely difficult to understand. Ask your collision repair expert or your insurance company representative to review and explain your estimate to you. If your estimate is prepared at a drive-in claim centre and you are offered a settlement, be sure it covers all required repairs.

The Parts

Your vehicle will most likely require replacement parts. The exterior sheet metal, glass and plastic components such as hoods, fenders, doors, and bumper components – most frequently replaced after an accident – are called "crash parts". There are three different types of "crash parts":

Original Equipment Manufacturer (OEM) or Genuine Crash Parts

Parts made by or for the manufacturer of your vehicle with equivalent

fit, finish, structural integrity, corrosion protection and dent resistance – and excellent warranty coverage.

New Aftermarket Crash Parts

Unauthorized copies of genuine crash parts are generally cheaper, but there may be questions about the quality. Usage may affect your vehicle's warranty and/or may reduce resale value.

Salvaged Crash Parts

Crash parts recovered from "totaled" vehicles. Quality concerns may exist here as the origin of the parts is hard to trace.

NOTE: *The types of crash parts to be used to repair your vehicle should be clearly listed on your estimate. Let your insurance company representative know if you prefer using a certain type of part.*

Your Safety

The integrated electronic, electrical and mechanical systems on today's vehicles are designed to enhance performance and safety. Ford recommends the use of genuine Ford replacement crash parts and glass that are the same as those used on your new vehicle, which meet all of the Canadian Motor Vehicle Safety Standards.

Only genuine Ford replacement parts should be used for components that interact with vehicle safety systems including repairs to airbags, safety belts and glass, which must be installed according to manufacturers' recommended procedures.

Your Satisfaction

The most important fact to remember as you deal with your collision repair is that you should be totally satisfied before accepting your vehicle. Ford of Canada hopes this information will help you have a positive repair experience and that you are totally satisfied with the repairs to your vehicle.

FORD ROADSIDE ASSISTANCE 2008

SHOULD YOU FIND YOURSELF IN AN ACCIDENT SITUATION...

- Check for injuries. If someone is injured, call for immediate assistance.
- Exchange information with all parties. Be sure to ask for names, phone numbers, addresses, insurance, etc.
- Report the accident to the local police – their report will assist you should you need to file a claim with your insurance company.
- Notify your insurance company as soon as possible, following the accident.
- We recommend that you take your vehicle to the nearest Ford dealership.

Please have the following information ready when contacting Ford Roadside Assistance:

- Vehicle Identification Number (VIN)
- Odometer reading
- The location of your vehicle (address/nearest intersection)
